

# i ♥ Hammersmith FREE BAG HANGER

Summer is here so why not take advantage of the fine weather and relax in one of our local pubs. Hammersmithlondon wants you and your belongings to be as safe and secure as possible whilst in the BID area, and as such we have teamed up with 'My Bag hanger' to ensure that your handbag is safe whilst enjoying a drink in the Town Centre.

According to research, handbag thefts and losses are costing British women £4.9bn each year. 31% of women have had their handbag stolen on at least one occasion and nearly a quarter of women had their bag stolen in a bar or pub.

Hammersmithlondon are offering a solution to this problem by giving away BID Bag Hangers to our area business members. When out at a restaurant or pub instead of putting the handbag on the floor simply hook the bag hanger to the table and hang the handbag to it.

To get one, simply print out the token below and present it to the bar staff when ordering at your favourite Hammersmith pub. There are two colours to collect and are available at the following locations in Hammersmith pub or restaurant.
